Ergo 9000

Wireless Ergonomic 5-Button BlueEye Mouse

Genius introduces a new ergonomic 5-button mouse to its BlueEye wireless mouse line - Ergo 9000.

The Ergo 9000 features auto-connection and frequency hopping technology to prevent interference and lets you work up to 10 meters away. The plug and forget Pico receiver is storable inside the mouse which is convenient while traveling. Plus the power saving technology extends battery life up to six months and the innovative 1200 dpi BlueEye tracking technology is an advanced optical engine which works on almost every surface and performs far better than any other optical mouse. Two additional programmable hotkeys provide instant access to last and next page for web browsing and are programmable.

Two popular colors available- Diamond Black or Shiny White. For more information, contact your sales representatives.
